

MYSQL DATABASE MANAGEMENT SYSTEM

LAB SHEET #1

Title:

- Installation and configuration of MySQL database server and understanding basic DDL and DML Operations

Objectives:

- To be familiar with MySQL Database Server software installation and configuration
- To be familiar with DDL, DML SQL commands

Background:

- CREATE DATABASE <database_name>;
- USE <database_name>;
- CREATE TABLE <table_name> (<column_name1> <data_type> (<size>), <column_name2> <data_type> (<size>),);
- DESC <table_name>;
- ALTER TABLE <table_name> ADD COLUMN <column_name> <data_type> (size);
- ALTER TABLE <table_name> DROP <column_name>;
- RENAME TABLE <old_name> TO <new_name>;
- INSERT INTO <table_name> (<list_of_columns>) VALUES (<list_of_values>);
- SELECT <list_of_column> FROM <table_name> WHERE <condition>;
- UPDATE <table_name> SET <column_name> = <value>, WHERE <condition>;
- DELETE FROM <table_name> WHERE <condition>;
- TRUNCATE <table_name>;
- DROP TABLE <table_name>;
- DROP DATABASE <database_name>;

Lab works:

1. Create database named "COLLEGE_MGMT"
2. Create tables with following relational database models and show the descriptions
 - a. STUDENT (crn, fullname, address, cgpa, dob, gender, status)
3. Write SQL command to add the records in 'student' as the format given below

crn	Fullname	Address	CGPA	dob	gender	status
1001	Laxman Shrestha	Pokhara	3.4	2052-02-04	m	Active
1002	Gita Sharma	Kathmandu	3.2	2049-03-07	f	Active
1003	Sita Baraili	Pokhara	2.5	2051-10-29	f	Inactive
1004	Dipendra Shahi	Kailali	3.1	2053-09-27	m	Active
1005	Hari Dhakal	Makawanpur	2.2	2053-07-20	m	Inactive

4. Display all records from table.
5. Display fullname and address of students from Pokhara
6. List all male students who are active
7. List out all the students who have secured CGPA greater than 3.0

8. Update the address to 'Bhaktapur' of student with crn 1001
9. Update status of the students who have secured CGPA greater than 3.0 to Active
10. Add column email
11. Rename address column to district
12. Rename 'student' table to 'student_info'
13. Remove the district column from above table.
14. Delete the record of student with crn 1005
15. Delete the records of Inactive students
16. Delete all the records from the student table
17. Delete the student table
18. Delete the database 'COLLEGE_MGMT'
